

## The Western Montana Water Users Association LLC

Why should you join? There is much dissatisfaction with the current on-going State Of Montana Reserved Water Rights Compact negotiations over the proposed water compact and the lack of representation by the Federal Government, State of Montana, Confederated Salish Kootenai Tribes, and the Flathead Joint Board of Control. These documents as written will adversely impact all of Western Montana, as well as the Flathead Indian Reservation. The draft documents directly affect irrigation water, ground water, and off reservation water in Western Montana. If you own property in Western Montana, whether it's a ranch or a cabin on the lake, your right to the use of water will be affected.

Western Montana Water Users Association, LLC was organized to represent all of the citizens of Western Montana, and by doing so, all residents of Montana. Water influences basically every area home, business, ranch and farm. Fair and equitable distribution and administration of water are key to the economic and domestic quality of life, and it is the mission of Western Montana Water Users Association, LLC to help make your voice heard on this issue and assure that everyone's water is protected. The Managing Members of the organization are engaging in negotiations and invite comment and participation by all members.

Western Montana Water Users Association LLC invites you to join and support this local grass roots organization with a contribution so that you do not lose the privilege of water use on your real property. Let your membership speak in defense of this precious resource we all depend on. Together we can be part of the solution and make a positive contribution to the outcome of the Water Rights Compact negotiations and preserve our way of life here in Montana for future generations.

### Membership Fees:

**Irrigator Member:** \$5.00 per acre up to \$1000 as a startup; thereafter a pledge of continued support as needed.

**Domestic Well Member:** \$150 per well; thereafter a pledge of continued support as needed.

**Corporations:** \$1,000 - \$10,000+; thereafter a pledge of continued support as needed.

**Supporter/Western Montana Water User:** \$100, with any amount of support welcome and continued support thereafter.

The cost of preserving our water rights is not cheap, please give generously now, water is an invaluable resource and without it our land has no value; we cannot risk losing the freedom to use it.
