Notes * Indian Federal Reserved Rights Quantification determined through litigation or negotiation
 ** Flathead **PARTIAL QUANTIFICATION** was determined using (Appendices 5,15 (FIP & Reservoirs), Appendix 9 (Hungry Horse only), Appendix 18 (Flathead Lake less Kerr), Appendix 25 (Kootenai), and Appendix 27 (Lower Clark Fork) . **Control points for Flathead instream flow claims would preclude the use of between 28 and 48 million acre feet of water for consumptive and non-consumptive uses. The state has not provided a total volume of water as of 03/31/2015.**
