The **agenda** was presented for approval.

MOTION by Bing Matt to approve the agenda, with changes. Seconded by Leonard Gray. Carried, unanimous (8 present).

Marvin Bourdon, Tribal Member; **Claire Charlo**, Tribal Defenders Office; and **Jami Hamel**, Policy Analyst; discussed an outstanding warrant for a felony escape charge that stems back to 2003 which makes Marvin ineligible for Social Security. The Defenders Office has been attempting to work with the prosecutor from Washington. Due to this matter he is not eligible for any assistance from tribal programs. Mr. Bourdon is unable to travel due to his medical condition. Marvin is in need of financial assistance for his power bill, a prescription and his telephone bill. **Terry Pitts** would like to follow up with Senator Tester. **Carole Lankford** suggested having Claire send a letter to Tim Fox explaining why Mr. Bourdon cannot travel to Washington to appear in court. Carole and Ron will follow up on this matter when they are in Helena. **Council** directed Jami to follow up with the Department of Human Resources Development to do a payback agreement.

Barbara Finley, Tribal Member, informed council that she needs assistance for car repairs and was denied assistance from the Dire Need program and Tribal Credit. **Council** directed Jami Hamel to follow up on possible assistance options.

Francis Auld, Preservation Department, informed council that he received a call from the Tribal Lands Department saying they were on the fast track to receive information from the experts to evaluate establishing a buffalo herd on the reservation. He discussed the significance of buffalo. Francis has no objection to having a herd but he reminded council that when these types of things are in discussion that the culture committees need to be involved. Francis also suggested reviewing the Special Management Plan for the Chief Cliff area. He thanked the tribal council for their continued support of the armed forces; his son will be home soon.

Kevin Howlett, Tribal Health & Human Services, discussed the upcoming holidays for July 4. Tribal Health's work schedule is 9 hours Monday through Thursday and 4 hours on Friday. Kevin's staff has asked for fair consideration for their hours of work. Instead of working 4 hours on July 4 the staff would like to work the 4 hours on Thursday and take off July 4, which is a federal holiday. It is an hour difference in equal time off but is what the staff recommended. Kevin would like Tribal Health to go back to a 5/8 work schedule and will bring that forth in the near future.

MOTION by Carole Lankford to go along with the department head's recommendation and allow a changed work schedule for Tribal Health & Human Services to work 4 hours on July 3, to equalize the time off for employees. Seconded by Leonard Gray. Carried, 7 for; 1 opposed (Shelly Fyant).

Shelly Fyant, for the record, “We haven’t accommodated any other departments for a changed holiday work schedule, like Kicking Horse Job Corps or Tribal Credit, and I feel like Tribal Health is not accessible to the membership with its current schedule so I am glad you are going back to five eights.”

Terry Pitts, for the record, “Even if we stay with the existing schedule we can look at next year’s calendar and address it a year in advance so it doesn’t come down to these decisions each year. I wish we would look at the schedule a year in advance so we can take care of it so everyone will know the schedule.”

Janet Camel, Economic Development; and **CloAnn Westerman**, Tribal Lands Department; discussed Elders Park in St. Ignatius. There is a permit for the baseball leagues for part of the year and the league mows the park. Tribal Health plows the walking track in the winter time. The park is 20 years old and there are no benches in the park. They purchased concrete benches from Walmart and want permission to install them at the park. It is a community effort. Jim Westerman wants to install a bench in memory of his son. **Kevin Howlett** advised that diabetes funding was used to pay for the track. Kevin said these benches might be an allowable expenditure from the diabetes funding; if so, then Tribal Health is willing to make a contribution. He also suggested contacting the town of St. Ignatius for a contribution since the park is used by nonmembers as well. It was the **consensus** of council to install benches at Elders Park.

Janet Camel, Economic Development; and **CloAnn Westerman**, Tribal Lands Department; want to proceed with some planning. Early Childhood Services will be moving to the Neil Charlo Building and needs to park 18-20 busses. There is an area in the southwest corner of the baseball field that could be cleaned up and made for parking. They also want to develop a handicapped parking area to access the track. A level connecting path is needed. Willie Stevens is willing to work with them to develop a plan. They want permission to proceed with this request. It was the **consensus** of council to proceed with obtaining cost estimates and present back for possible funding options.

Council conducted interviews for the S&K Electronics Board of Directors vacancies.

MOTION by Shelly Fyant to accept the results of the ballot and appoint James Halverson, Gerald Brown and Casey Lozar to serve on the S&K Electronics Board of Directors. Seconded by Carole Lankford. Carried, unanimous (8 present).

Council conducted interviews for the Shoreline Protection Board of Directors vacancy.

MOTION by Shelly Fyant to accept the results of the ballot and appoint Craig Pablo to serve on the Shoreline Protection Board of Directors. Seconded by Leonard Gray. Carried, unanimous (8 present).

Vernon Finley gave an update on his trip to the Geogenetics Research Lab at Copenhagen University. It was a real interesting and great trip. The head researcher gave a presentation on the work they did with the remains of the Anzick boy and how they did the genetic profile. Vernon learned things about the gene pool of Indians in the United States. One third of the genetic sequences of Indians here is similar to Asians. Two thirds identify the aboriginal people here. Using that, they were able to debunk some of the migration theories. The head researcher believes we were here longer than they expected. Once science really develops all of the science technique, the more they confirm the oral histories of the aboriginal people. Vernon was able to tour the lab. Shane Doyle worked with a member of the Anzick family and got her to agree to return the remains to the tribe in Montana. They also want to obtain all the artifacts that were buried with the boy.

Renee Joachim, Personnel Department, met with council in **executive session** to discuss a personnel matter.

Council reconvened into **regular session**.

MOTION by Vernon Finley to accept the results of the ballot and select Jean Matt for the Mission Valley Power General Manager position. Seconded by Leonard Gray. Carried, unanimous (8 present).

***** **Lunch** *****

Anita Matt and **Brad Trospen**, Tribal Lands Department, followed up on the request from the town of Hot Springs for permission to conduct a survey on tribal property to install a 200,000 gallon water storage tank. Once the survey is completed an appraisal would be done, and then be brought back to council for consideration. **Leonard TwoTeeth** would like to require the engineering firm to contract with our tribal member surveyor to do the survey. Anita said she could ask them to use the tribal member surveyor. **No action taken.** **Council** requested further information.

Brad Trospen, Tribal Lands Department, gave an update on the rewrite of the Tribal Lands Ordinance and the process on how to proceed. Brad requested that he be allotted time with council each week for 45 minutes to go through the draft document, so the November 1 deadline can be met to have a

completed document. **Shelly Fyant** told Brad that people at her district meeting want the document uploaded to the tribal website to allow comments from the membership. **Chairman Trahan** would like to have the weekly meeting held on Thursdays. **Wade Hendrickson**, Tribal Member, commented on agricultural leases and gave council a handout. **Carole Lankford** thinks the Tribal Administrative Procedures Ordinance most likely needs updates too. **Council** wants to ensure that any draft documents be approved by the tribal council before being uploaded on the tribal website. The Tribal Lands Department was established by council action to adopt an organizational chart and advertisement of a department head, so the ordinance would formally establish the department, the purpose of the department, and the duties and powers of the department.

Carolee Wenderoth, Tribal Lands Department, presented a request to designate the land use of a portion of Tribal Tract T7027 to Salish Kootenai College as government use by resolution for a telecommunication repeater site for KSKC Public TV. The Lands Department recommended instead of charging the \$6,000 annual use fee to contribute that as an in-kind contribution to SKC.

MOTION by Shelly Fyant to approve by resolution the designation of a portion of Tribal Tract T7027 to Salish Kootenai College as government use for a telecommunication repeater site for KSKC Public TV. Seconded by Leonard Gray. Carried, 5 for; 2 opposed (Vernon Finley and Bing Matt); 1 abstention (Terry Pitts).

***Terry Pitts**, for the record, "We have forgiven and contributed to the College and I'd like to have a report of all such to assist in the best decision."*

***Leonard TwoTeeth**, for the record, "I do approve of the project. However, we need to be sure that this is exclusive use for SKC, that we don't want any other entity piggy-backing on this."*

***Vernon Finley**, for the record, "I opposed because I would like a complete assessment of everything that is contributed to the college, including from the tribal enterprises that's been designated for the college. I am in favor of this particular lease, but I want an overall assessment on what we donate there."*

RESOLUTION 14-163

RESOLUTION TO DESIGNATE A PORTION OF TRIBAL TRACT T7027, CONSISTING OF .625 ACRES, FOR GOVERNMENT USE FOR A TELECOMMUNICATION REPEATER SITE FOR SALISH KOOTENAI COLLEGE (KSKC PUBLIC TV)

WHEREAS, the Tribal Council of the Confederated Salish and Kootenai Tribes is the duly recognized governing body of the Flathead Reservation; and

WHEREAS, the Confederated Salish and Kootenai Tribes are committed to the sound planning and management of Flathead Reservation resources and lands; and

WHEREAS, review of the site, located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 11, T. 23 N., R. 19 W., P.M.M., shows that the area was initially created for use as a telephone type tower by Mission Valley Power and a TV Tax District, that was later removed; and

WHEREAS, the Tribal Economic Development Department Land Use Planning Director, in cooperation with the Tribal Lands Department, completed a site review to determine the size of land to be used to be .625 acres; and

WHEREAS, Salish Kootenai College needs a formal designation of the SE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 11, T. 23 N., R. 19 W., P.M.M., Lake County, Montana, for use as a telecommunication repeater site;

NOW THEREFORE, BE IT RESOLVED, that the Tribal Council of the Confederated Salish and Kootenai Tribes of the Flathead Reservation hereby designates for government use the SE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$, located within Section 11, T. 23 N., R. 19 W., P.M.M., Lake County, Montana, consisting of .625 acres, more or less, on Tract T7027, a telecommunication repeater site for Salish Kootenai College KSKC Public TV, as shown on the attached plat (Exhibit B) for a period of ten (10) years, and this resolution may be rescinded if the site is no longer needed for stated purpose.

Carolee Wenderoth, Tribal Lands Department, presented a request for a revocable permit from Jim Bassett for the Smoke House Grill to have a take-out stand. He wants a one year permit at a rate of \$350 per month. Insurance would be required.

MOTION by Vernon Finley to grant Jim Bassett a one-year revocable permit for the Smoke House Grill to have a take-out stand at a rate of \$350 per month. Seconded by Bing Matt. Carried, unanimous (8 present).

Carolee Wenderoth, Tribal Lands Department, informed council that the lease for the water tower in Arlee expired and has an option to renew for another 25 years. The Salish Kootenai Housing Authority wants to exercise the 25-year

renewal option to utilize Tribal Tract T1351 (.69 acres). The Lands Department recommended assessing a \$25 annual use fee and a one-time administrative fee in the amount of \$18.75. Jason Adams is opposed to the fee. The Legal Department reviewed this and advised that assessing the annual use fee did not have any bearing on conflicting with SKHA's ordinance. The federal regulations require that the Lands Department assess an administrative and use fee unless waived by the Tribal Council.

MOTION by Bing Matt to approve the 25-year renewal option for the Salish Kootenai Housing Authority to utilize Tribal Tract T1351 (.69 acres) for the water tower in Arlee and assess a \$25 annual use fee and the one-time administrative fee of \$18.75. Seconded by Leonard TwoTeeth. Carried, 7 for; 1 opposed (Ron Trahan).

Ron Trahan, for the record, "I'm opposed because it provides a service to the tribal communities."

Carolee Wenderoth, Tribal Lands Department, discussed the boundaries for the Volunteer Fire Department. The Fire Department is requesting that due to limited resources to access areas that some areas be removed from their boundaries. Those properties do not have any structures on them. The Lands Department recommended redistricting the boundaries as proposed by the Rural Fire Department.

MOTION by Vernon Finley to approve by resolution the recommendations of the Tribal Lands Department to redistrict the boundaries for the Polson Fire District. Seconded by Leonard TwoTeeth. Carried, 8 for; 0 opposed; 0 not voting.

They would use the site for about one week. Knife River would be required to post a bond to ensure that they return the site to its original condition; an inspection would be completed.

MOTION by Leonard Gray to grant Knife River a revocable permit at a fee of \$500. Seconded by Terry Pitts. Carried, 7 for; 1 opposed (Carole Lankford).

Carole Lankford and **Shelly Fyant** discussed an issue regarding Sashay Camel and Isadore Mitchell's homesite at the old Joe Cullooyah site. Shelly thought the issue had been resolved but then their names were published in the newspaper that their lease was getting cancelled. **Clayton Matt** will follow up. **Council** requested that Clayton Matt be present in the council meetings during the Tribal Lands Department presentations.

Dan Lozar, Natural Resources Department, requested approval of a modification to the existing contract (# 13-158) with MWH Engineering to increase the contract amount by \$801,500 to a not-to-exceed amount of \$1,550,900 and extend the contract expiration date to December 31, 2015 to facilitate a revised scope of work due to findings from the initial evaluation of the outlet works and emergency spillway.
