3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: A diversion dam and canal 14' on the bottom and 4' deep which will carry and conduct 150 cubic feet of water per second of time from said Crow Creek, which said diversion dam and canal will divert the water from said stream at a point upon its left bank which bears N. 88° 04' W. (Magnetic) 1258 feet from the SE corner of Sec. 11 T. 20 N. R. 21 W. M. P. M. and run thence southwesterly thence over and upon said lands.
4. That the said United States appropriated said water on the 15th day of March A. D. 1913, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated among other things:
 - A. Number of cubic feet of water per second claimed as herein set forth;
 - B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described;
 - C. The means of diversion, as herein set forth;
 - D. The date of appropriation, to-wit: The date on which the said notice was posted.
 - E. The name of the appropriator as herein set forth.
5. That the name of the appropriator of the said water is the United States of America.
6. That the said United States also hereby claims said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of any dams, flumes, and reservoirs, constructed or to be constructed

by the said United States in appropriating and using said water.

7. That the said United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water ditch or said appurtenances in part or whole at any time.

Claiming the same all and singular under any and all laws National and State, and in accordance with the rulings and decisions thereunder in the matter of water rights. Together with all and singular the hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.

TO ALL WHOM THESE PRESENTS MAY CONCERN:

BE IT KNOWN, That the Northern Pacific Railway Company, a Corporation organized and existing under the laws of the State of Wisconsin, does hereby publish and declare, as a legal notice to all the world, as follows, to-wit:

I. That it has a legal right to the use, possession and control of and claims ten statutory inches of the waters of Pinley Creek in said County and State, for irrigating and other purposes.

II. That the special purpose for which said water is intended to be used and the place of intended use is to supply the engines of the appropriator with water at a tank or stand pipe which is located at a point on the north side of the main tract 138 feet east of the Depot building of said Railway Company at Arlee, Montana.

III. That it has taken said water out of, and diverted it from said creek by means of a cast iron pipe which said pipe is four inches in diameter and carries or conducts 10 inches of water from said creek. Said pipe taps and diverts the water from said stream at a point upon its north bank 6000 feet more or less in an Easterly direction from said tank measured along the center line of said Railway and 100 feet more or less south of said center line at that point at a reservoir to be constructed, thence carried along the right of way of said Railway Company, to and upon said described land (and through said land, if it so desire, to any requisite point of final discharge).

IV. That it appropriated and took said water on the 6th day of October A. D. 1896, by means of said pipe and reservoir.

V. That the name of the appropriators of said water is the Northern Pacific Railway Company, by B. E. Palmer, its resident Engineers.

VI. That it also hereby claim said pipe and the right of way therefor, and for said water by it conveyed, or to be conveyed, from said point of appropriation to said land or point of final discharge, and also the right of location upon any lands of any dams, flumes, reservoirs, constructed or to be constructed by it in appropriating, and in using said water.

VII. That it also claim the right to keep in repair and to enlarge said means of water appropriation at any time, and the right to dispose of the said right, water, pipe, or said appurtenances in part or whole at any time.

CLAIMING THE SAME, all and singular, under any and all laws, National and State, and all rulings and decisions thereunder, in the matter of Water rights, and specifically under Sections 731 to 735, inclusive, and 738 and 741, General Laws, Laws of Montana, Revised Statutes of 1879, or as amended, and under an Act of the Legislative Assembly of the Territory of Montana, entitled "An Act Relative to Water Rights," approved March 12th, A. D. 1885.

TOGETHER WITH ALL AND SINGULAR the hereditaments and appurtenances thereunto belonging or appertaining or to accrue to the same.

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the act of June 17, 1902 (32 Stat., 388), and under and by virtue of an act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions," approved February 27, 1905, acting by and through H. N. Savage, Supervising Engineer thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare, as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession and control of, and claims 500 cubic feet per second of time for the waters of Post Creek.

2. That the purposes for which said water is claimed are for irrigating, domestic use, and power purposes, and the place of intended use is to irrigate and use said water upon 8,000 acres of land, described as follows, to-wit:

Sec. 13 to 14; 22 to 24; 27 to 30 and 32 and 33, T. 19 N. R. 20 W.

Sec. 25 and 26, T. 19 N. R. 21 W.

also for domestic use in connection with the said land, and for developing power for pumping and other purposes at the point of diversion, and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: Diversion dam and canal 14 feet wide and 5 feet deep which will carry and conduct 200 cubic feet of water per second of time from said Post Creek, which said diversion dam and canal will divert the water from said stream at a point upon its right bank, which bears N. 37° 45' W. (Mag) distant 158' from SE corner Sec. 12, T. 19 R. 20 W and run thence southwesterly thence over and upon said lands.

4. That the said United States appropriated said water on the 31 day of March, A. D. 1912, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated, among other things:

A. Number of cubic feet of water per second claimed as herein set forth;
 B. The purpose for which the water was claimed and the place of intended use as hereinbefore described.

C. The means of diversion, as herein set forth;

D. The date of appropriation, to-wit: The date on which the said notice was posted.

E. The name of the appropriator as herein set forth.

5. That the name of the appropriator of the said water is the United States of America.

6. That the said United States also hereby claims said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of any dams, flumes, and reservoirs, constructed or to be constructed by the

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the act of June 17, 1902 (32 Stat., 388), and under and by virtue of an act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions," approved February 27, 1905, acting by and through H. N. Savage, Supervising Engineer thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession and control of, and claims 200 cubic feet per second of time of the waters of Mission Creek.
2. That the purposes for which said water is claimed are for irrigating, domestic use and power purposes, and the place of intended use is to irrigate and use said water upon, 5,000 acres of land, described as follows, to-wit:

Sect. 7, 8, 17 to 20, 29 to 32	T. 19 N. R. 19 W.
" 5 to 7, 18 to 19,	T. 18 N. R. 19 W.
" 1, 12, 13, 24	T. 18 N. R. 20 W.

also for domestic use in connection with the said land, and for developing power for pumping and other purposes at the point of diversion, and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct, by which said waters have been diverted is as follows: Log Crib Diversion dam, headgates and canal 10 ft. wide and $3\frac{1}{2}$ ft. deep, which carries and will conduct 100 cubic feet of water per second of time from said Mission Creek which said Crib Diversion dam, headgates and canal diverts the water from said stream at a point upon its bank North Bank, which bears S 8° 48' E (Magnetic) distant 2865' from the NE corner of NW $\frac{1}{4}$, NE $\frac{1}{4}$ Sec. 19, T. 18 N. R. 19 W. and runs thence Northerly, thence over and upon said lands.

4. That the United States appropriated by diverting and putting to beneficial use said water on the 1 day of July, 1910, and on April 2, 1913, caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated among other things:

- A. Number of cubic feet of water per second claimed as herein set forth;
- B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described;
- C. The means of diversion, as herein set forth;
- D. The date of appropriation, to-wit: The date on which the said water was diverted;
- E. The name of the appropriator, as herein set forth.

5. That the name of the appropriator of the said water is the United States of America.

D.1661-Bessette-Stock Co. Butte

6. That the said United States also hereby claims said ditch and the right of way therefor, and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of any dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.

7. That the said United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time, and to change the point of diversion and the right to dispose of the said right, water, ditch or said appurtenances in part or whole, at any time.

Claiming the same all and singular under any and all laws, National and State, and in accordance with the rulings and decisions thereunder in the matter of water rights.

Together with all and singular, the hereditaments and appurtenances thereunder belonging, or to accrue to the same.

NOTICE OF APPROPRIATION

STATE OF MONTANA }
 } ss
County of Missoula }

TO ALL TO WHOM THESE PRESENTS MAY CONCERN:

Be it known that Anna Syla of Ronan, in said County and State, do hereby publish and declare, as a legal notice to all the world, as follows, to-wit:

I. That she did on January 17, 1918, appropriate and now has a legal right to the use, possession and control of and claim one second foot of the waters of Rain Bow Creek, also known as Lost Creek in said County and State, for irrigating and other purposes.

II. That the purpose for which said water is claimed, and the place of intended use is for irrigation, domestic and other useful and beneficial purposes, on Lot 2, and the SW quarter of the NE quarter (SW of NE) of Section four (4) in Township Twenty (20), North of Range Nineteen (19) West of the Montana Meridian, Missoula County, Montana,

III. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which she intends to divert the said water is as follows: A ditch 18 inches by 10 inches in size which carries and conducts 1.2nd foot of water from said Rainbow Creek also known as Lost Creek, which said ditch diverts the water from said stream at a point upon its North Bank and runs thence in a Northeasterly direction, the point of diversion being approximately 10 rods southwest of the East line of said West half of the Northeast Quarter, of Section Four in Township Twenty, North of Range Nineteen West, at the point where said creek intersects with the east line of said premises, thence over and upon said land (or mining claim).

IV. That she appropriated and took said water on the 17th day of January, A. D. 1918, by means of said ditch.

V. That the name of the appropriator of said water is Anna Syla.

VI. That she does also hereby claim said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of appropriation to said land or point of final discharge, and also the right of location upon any lands of any dams, flumes, reservoirs constructed or to be constructed, by Anna Syla, in appropriating and in using said water.

VII. That she does also claim the right to keep in repair and enlarge said means of water appropriation at any time, and the right to dispose of said right, water, ditch or said appurtenances in part or whole, at any time.

Claiming the same all and singular, under any and all laws, National and State, and court rulings and decisions thereunder, in the matter of water rights.

TOGETHER WITH ALL AND SINGULAR, The hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.

WITNESS my hand at Ronan, Montana, this 28th day of January, 1918.

Anna Syla.

NOTICE OF APPROPRIATION OF WATER RIGHT

UNITED STATES OF AMERICA)
State of Montana) ss No. 241.
County of Missoula)

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the Acts of Congress of March 3, 1909 (35 Stat., 795) and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions", approved February 27, 1905, acting by and through F. T. Crowe, Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession and control of, and claims 20 cubic feet per second of time of the waters of Jocko River (at Ravalli)

2. That the purposes for which said water is claimed are for irrigating, domestic use and power purposes, and the place of use is to irrigate and use said water upon 1000 acres of land described as follows, to-wit:

Secs. 21, 22, 25, 26, 27, 28, 35 and 36, T. 18 N., R. 21 W., and

Sec. 31 T. 18 N. R. 20 W..

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: Diversion dam and canal 5 feet wide and 3 feet deep and distributing system which carries and will conduct 20 cubic feet of water per second of time from said Jocko River which said diversion dam and distributing system diverts the water from said stream at a point upon its west bank, N. 22°0' W. a distance of 875 feet from the center of Sec. 31, T. 18, N. R. 20 W., and runs thence westerly thence over and upon said lands.

4. That the said United States appropriated said water on the 27th day of January A. D. 1920, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated among other things:

A. Number of cubic feet of water per second claimed as herein set forth;

B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described;

C. The means of diversion, as herein set forth;

D. The date of appropriation, to-wit: the date on which the said notice was posted;

E. The name of the appropriator as herein set forth.

5. That the name of the appropriator of the said water is the United States of America.

6. That the said United States also hereby claims said ditch and the right of way thereofr and for said water by it conveyed, or to be conveyed, from said point of

diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of any dams, flumes, and reservoirs, constructed or to be constructed by the said United States in appropriating and using said water.

7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time, and to change the point of diversion and the right to dispose of said right, water, ditch, or said appurtenances in part or whole, at any time.

Claiming the same all and singular, under any and all laws, National or State, and in accordance with the rulings and decisions thereunder in the matter of water rights.

Together with all and singular the hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.

NOTICE OF APPROPRIATION OF WATER RIGHT

No. 246.

UNITED STATES OF AMERICA)
 STATE OF MONTANA) SS
 County of Missoula)

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the Acts of Congress of March 3, 1909, (35 Stat., 795) and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the state of Montana, subject to certain restrictions", approved February 27, 1905, acting by and through F. T. Crowe, Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare, as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession and control of, and claims 20 cubic feet per second of time of the waters of unnamed creek.
2. That the purposes for which said water is claimed are for irrigating, domestic use and power purposes, and the place of use is to irrigate and use water upon 1000 acres of land described as follows, to-wit:

Secs. 26, 27, 34, 35, T. 19 N. R. 20 W.,

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: A canal 4 feet wide and 3 feet deep which carries and will conduct 20 cubic feet of water per second of time from said unnamed creek, which said canal diverts the water from said stream at a point upon its North bank, S. 45° E. 2200 feet from Northwest corner Sec. 2, T. 19 N., R. 20 W., and runs thence northerly thence over and upon said lands.

4. That the said United States appropriated said water on the 29th day of January A. D. 1920, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated, among other things:

- A. Number of cubic feet of water per second claimed as herein set forth;
- B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described.
- C. The means of diversion, as herein set forth.
- D. The date of appropriation, to-wit: the date on which the said notice was posted;
- E. The name of the appropriator as herein set forth.
5. That the name of the appropriator of the said water is the United States of America.

6. That the said United States also claims said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of any dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.

LAKE COUNTY, MONTANA

7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water, ditch or said appurtenances in part or whole, at any time.

Claiming the same all and singular under any and all laws, National or State, and in accordance with the rulings and decisions thereunder in the matter of water rights.

No. 252

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the Acts of Congress of March 3, 1909 (35 Stat., 795) and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions", approved February 27, 1905, acting by and through C. J. Moody, Acting Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession, and control of, and claims 40 cubic feet per second of time of the waters of Unnamed Stream.

2. That the purpose for which said water is claimed is for irrigating, domestic use, and power purposes, and the place of use is to irrigate and use said water upon 2,000 acres of land described as follows, to-wit:

Secs. 23, 24, 25, 26, T. 19 N., R. 20 W.

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert the said waters is as follows:

Diversion dam and canal of 20 second feet capacity, which carries and will conduct 20 cubic feet of water per second of time from said Unnamed stream, which said dam and canal diverts the water from said stream at a point upon its right bank, 60 feet north of corner common to Secs. 25, 27, 34, and 35, T. 19 N. R. 20 W. M. P. M. Montana, and runs thence north and east thence over and upon said lands.

4. That the said United States appropriated said water on the 7th day of February A. D.

A. D. 1921, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated, among other things:

- A. Number of cubic feet of water per second claimed as herein set forth;
 - B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described.
 - C. The means of diversion, as herein set forth;
 - D. The date of appropriation, to-wit: the date on which the said notice was posted;
 - E. The name of the appropriator as herein set forth.
5. That the name of the appropriator of the said water is the United States of America.
6. That the said United States also hereby claims said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.
7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water, ditch or said appurtenances in part, or whole, at any time.

Claiming the same all and singular under any and all laws, National or State and in accordance with the rulings and decisions thereunder in the matter of water rights.

Together with all and singular, the hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the Acts of Congress of March 3, 1909 (35 Stat. 795) and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions", approved February 27, 1905, acting by and through C. J. Moody, Acting Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare as a legal notice to all the world, as follows, to-wit:

- I. That the said United States has a legal right to the use, possession and control of, and claims 40 cubic feet per second of time on the waters of Unnamed stream.
2. That the purpose for which said water is claimed is for irrigating, domestic use and power purposes, and the place of use is to irrigate and use said water upon 4,000 acres of land, described as follows, to-wit:

Secs. 23, 24, 25, 26, 27 & 35, T. 19 N., R. 20 W.

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct, by which it is intended to divert said waters is as follows.

Diversion dam and canal of 40 s. f. capacity, which carries and will conduct 40 cubic feet of water per second of time from said Unnamed Stream which said dam and canal diverts the water from said stream at a point upon its right bank, 1500 feet south of Sec. Corner Common to Secs. 26, 27, 34 & 35, T. 19 N., R. 20 W. M. B. M. Montana, and runs thence North and East thence over and upon said lands.

4. That the said United States appropriated said water on the 7th day of February, A. D. 1921, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated, among other things:

- A. Number of cubic feet of water per second claimed as herein set forth;
- B. The purpose for which the water was claimed, and the place of intended use, as hereinbefore described;
- C. The means of diversion, as herein set forth;
- D. The date of appropriation, to-wit; the date on which the said notice was posted.
- E. The name of the appropriator as herein set forth.

5. That the name of the appropriator of the said water is the United States of America.

6. That the said United States also hereby claims said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right

of location upon any lands of any dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.

7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water, ditch or said appurtenance in part or whole, at any time.

Claiming the same all and singular, under any and all laws, National and State and in accordance with the rulings and decisions thereunder in the matter of water rights.

Together with all and singular the hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.

CONTRACT UNDER INDIAN APPROPRIATION ACT

DIRECTOR
Original
of the
Director.
Copy for files

THIS AGREEMENT, made this 7th day of September, A. D. 1920, in pursuance of the Act of April 23, 1904, (33 Stat., 302) and acts amendatory or supplemental thereto, between the United States of America, by E. A. Moritz, Project Manager, U. S. Reclamation Service thereof, thereunto duly authorized by and subject to the approval of the Director of the U. S. Reclamation Service, and Harriet M. Pendray...hereinafter styled Contractor, her heirs, executors, administrators, successors and assigns,

WITNESSETH, That whereas the United States has filed upon and appropriated all of the flow of Jocko River a stream on the Flathead Project, State of Montana, and

WHEREAS, some time must elapse before the lands hereinafter described can be furnished irrigation water from the Government works now in progress of constructions; and

WHEREAS, the Contractor is the owner of the following described land, to-wit: Lot, 1 & 2, Sec. 31, 18 N. 20 W. excepting right of way N. P. Ry. East half of NE $\frac{1}{4}$ & N $\frac{1}{2}$ of NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ Sec. 36, 18 N. 1. 21 West, and is desirous of constructing works and temporarily diverting water from said stream for the purpose of irrigating a part of said land.

NOW THEREFORE,

1. In consideration of mutual benefits the United States grants to the Contractor a license revocable on thirty (30) days notice, to temporarily divert from the stream named water to irrigate the above described land, subject to the prior rights of existing Indian Canals.
2. A Permanent water right will not be claimed by the Contractor for any of his land irrigated by reason of the temporary use herein contracted for. The contractor recognizes the paramount right of the United States to the entire flow of said stream, and it is further agreed that the Contractor secures no right by virtue of this Contract, and is not entitled to make claim to any water hereunder.
3. The United States is hereby granted right of way for irrigation works, including telephone and electric transmission lines over the lands of the undersigned, and the right to acquire any portion of the canals to be built by the Contractor under this Contract, and to enlarge or to change the same in any way and incorporate them into the general irrigation system whenever, in the opinion of the Project Manager it is deemed advisable in the manner hereinafter provided.
4. When the United States shall be prepared to deliver water from its irrigation works, now in progress of construction, the contractor agrees to make water right application for all irrigable lands owned by him within the limits of the project under the conditions and subject to the charges announced by the Secretary of the Interior. For the canals and laterals constructed by the contractor in conveying and distributing water to the land described, to the extent which in the opinion of the Project Manager may be required in the development and completion of the Government Irrigation system as a part of the Flathead Project, the United States will pay the contractor, for such portion only as is so taken, such sum as may be fixed by the Project Manager as the reasonable value thereof, and when the Government Works are completed and irrigation water is ready for delivery to the lands described, and the contractor has made water right application as agreed, credit will be given by the United States on account of the amounts payable under such water right application for the amount so fixed, for such canal and works as are taken

LAKE COUNTY, MONTANA

over and used by the United States.

5. The Contractor shall ultimately pay the pro rata cost of the construction of the project, as fixed by the Secretary of the Interior for all of the contractor's lands irrigable under the project, notwithstanding a portion of such lands may have been irrigated from canals to be constructed by the contractor under this license, provided that should the land herein described be still in the ownership of the original allottee at the time of completion of irrigation works by the United States, construction charges are to be met from the building fund of the Flathead and Confederated tribes, as provided in Section 14 of the Act approved April 23, 1904, and not by individual payment.

6. This contract shall bind the grantors, heirs, executors, administrators and assigns of the Contractor and the assigns of the United States.

7. It is further agreed that this license may be revoked, as herein provided at the close of any irrigation season, or immediately upon the breach of any of its conditions.

8. No member of or Delegate to Congress or Resident Commissioner after his election or appointment, or either before or after he has qualified and during his continuance in office, and no officer, agent or employee of the Government, shall be admitted to any share or part of this contract or agreement, or to any benefit to arise thereupon. Nothing however herein contained shall be construed to extend to any incorporated company where such contracts or agreement is made for the general benefit of such corporation or company, as provided in Section 116, of the Act of Congress approved March 4, 1909, (#35. Stat., L. 1109).

9. It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences of imprisonment at hard labor which have been imposed, by courts of the several states or Territories or municipalities having criminal jurisdiction.

IN WITNESS WHEREOF, The Contractor has hereunto set his hand and seal, and the United States has caused this agreement to be signed by its duly authorized agent the day and year first above written.

CONTRACT UNDER INDIAN APPROPRIATION ACT

Original

File

Copy for files of the Director.

THIS AGREEMENT, Made this 19th day of July A. D. 1919, in pursuance of the Act of April 23, 1904 (33 Stat., 302) and Acts amendatory thereof and supplementary thereto between the United States of America, by F. T. Crowe, Project Manager, U. S. Reclamation Service, thereunto duly authorized by and subject to the approval of the Director or Comptroller of the U. S. Reclamation Service, and Rose Ellen Pyant of Ravalli, Montana, hereinafter styled Contractor her heirs, executors, administrators, successors and assigns.

WITNESSETH, That whereas the United States has filed upon and appropriated all of the flow of Valley Creek, a stream on the Flathead Project, State of Montana, and

WHEREAS, some time must elapse before the lands hereinafter described can be furnished irrigation water from the Government works now in progress of construction; and

WHEREAS, the Contractor is the owner of the following described land, to-wit: The lot 4 Sec. 18, and the Lot 1 Sec. 19, in Township Seventeen North of Range 20 West of Mont. Meridian, Mont. 78 4/100 acres and is desirous of constructing works and temporarily diverting water from said stream for the purpose of irrigating a part of said land.

NOW THEREFORE,

1. In consideration of mutual benefits the United States grants to the Contractor a license revocable on thirty (30) days notice, to temporarily divert from the stream named water to irrigate the above described land, subject to the prior rights of existing Indian Canals.

2. A permanent water right will not be claimed by the Contractor for any of his land irrigated by reason of the temporary use herein contracted for. The Contractor recognizes the paramount right of the United States to the entire flow of said stream, and it is further agreed that the Contractor secures no right by virtue of this contract, and is not entitled to make claim to any water hereunder.

3. The United States is hereby granted right of way for irrigation works, including telephone and electric transmission lines over the lands of the undersigned, and the right to acquire any portion of the canals to be built by the Contractor under this contract and to enlarge or to change the same in any way and incorporate them into the general irrigation system whenever, in the opinion of the Project Manager it is deemed advisable, and in the manner hereinafter provided.

Sept. 26, '19. 2990.

4. When the United States shall be prepared to deliver water from its irrigation works now in progress of construction, the contractor agrees to make water right application for all irrigable lands owned by him within the limits of the project under the canals and laterals constructed by the Contractor in conveying and distributing water to the land described, to the extent which in the opinion of the Project Manager they may be required in the development and completion of the Government irrigation system as a part of the Flathead Project, the United States will pay the contractor, for such portion only as is so taken, such sum as may be fixed by the Project Manager as the reasonable value thereof and when the Government works are completed and irrigation water is ready for delivery to the lands described, and the contractor has made water right application as agreed, credit will be given by the United States on account of the amounts payable under such water right application as the amount so fixed, for such canal and works as are taken over and used by the United States.

LAKE COUNTY, MONTANA

5. The Contractor shall ultimately pay the pro rata cost of the construction of the project, as fixed by the Secretary of the Interior for all of the contractor's lands irrigable under the project, notwithstanding a portion of such lands may have been irrigated from canals to be constructed by the contractor under this license, provided that should the land herein described be still in the ownership of the original allottee at the time of completion of irrigation works by the United States, construction charges are to be met from the building fund of the Flathead and Confederated Tribes, as provided in Section 14, of the Act approved April 23, 1904, and not by individual payment.

6. This contract shall bind the grantors, heirs, executors, administrators and assigns of the Contractor and the assigns of the United States.

7. It is further agreed that this license may be revoked, as herein provided, at the close of any irrigation season, or immediately upon the breach of any of its conditions.

8. No member, or Delegate to Congress or Resident Commissioner after his election or appointment, or either before or after he has qualified and during his continuance in office, and no officer, agent or employee of the Government, shall be admitted to any share or part of this contract or agreement, or to any benefit to arise thereupon. Nothing however, herein contained shall be construed to extend to any incorporated company, where such contract or agreement is made for the general benefit of such corporation or company, as provided in Section 116 of the Act of Congress approved March 4, 1909 (35 Stat., L. 1109).

9. It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences at hard labor which have been imposed by courts of the several states or Territories or municipalities having criminal jurisdiction.

IN WITNESS WHEREOF, The Contractor has here to set his hand and seal, and the United States has caused this agreement to be signed by its duly authorized agent the day and year first above written.

NOTICE OF APPROPRIATION OF WATER RIGHT

No. 206.

UNITED STATES OF AMERICA }
STATE OF MONTANA } ss
County of Flathead. }

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the Act of Congress of March 3, 1909, (35 Stat., 795) and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions", approved February 27, 1905, acting by and through C. J. Moody, Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession and control of, and claims 100 cubic feet per second of time of the waters of Six Mile Creek.
2. That the purpose for which said water is claimed is for irrigating, domestic use and power purposes, and the place of use is to irrigate and use said water upon 50,000 acres of land described as follows, to-wit:

Secs. 4 to 9, 16 to 20,	T. 22 N., R. 19 W.
" 1 to 4, 8 to 20, 25 to 27, 29 to 36	T. 22 N. R. 20 W.
" 19 to 36	T. 22 N., R. 20 W.
" 1 to 36	T. 21 N. R. 20 W.

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: A diversion dam and canal 16 feet wide by 5 feet deep which carries and will conduct 100 cubic feet of water per second of time from said Six Mile Creek, which said diversion dam and canal diverts the water from said stream at a point upon its left bank, which bears N. 63 - 50' E. distant 86 feet from the S $\frac{1}{2}$ corner of Sec. 34 T. 24 N., R. 19 W., M. P. M. and runs thence south-easterly thence over and upon said lands.

4. That the said United States appropriated said water on the 20th day of October A. D. 1921, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated, among other things:

- A. Number of cubic feet of water per second claimed as herein set forth;
- B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described;
- C. The means of diversion, as herein set forth;
- D. The date of appropriation, to-wit: the date on which the said notice was posted.
- E. The name of the appropriator of the said water as herein set forth.
5. That the name of the appropriator of the said water is the United States of America.
6. That the said United States also hereby claims said ditch and the right of

way therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.

7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water, ditch, or said appurtenances in part or whole at any time.

Claiming the same all and singular, under any and all laws, National or State and in accordance with the rulings and decisions thereunder in the matter of water rights.

Together with all and singular the hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.

No. 226.

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America pursuant to the provisions of the Act of Congress of March 3, 1909 (35 Stat., 795) and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions", approved February 27, 1905, acting by and through C. J. Moody, Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare, as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession, and control of, and claims 200 cubic feet per second of time of the waters of Fall Creek,
2. That the purpose for which said water is claimed is for irrigating, domestic use and power purposes, and the place of use is to irrigate and use said water upon 25,000 acres of land described as follows, to-wit:

Sec. 1 to 30, 32 to 35,	T. 19 N. R. 20 W.
" 1 to 30, and 33	T. 19 N. R. 21 W.
" 12, 13 and 24	T. 19 N. R. 22 W.

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: A stone and log crib diversion dam and a ditch 18 feet wide on the bottom and 6' (feet) deep which carries and will conduct 200 cubic feet of water per second of time from said Fall Creek, which said diversion dam and canal diverts the water from said stream at a point upon its right bank, N. 73° 25' W. distant 664 feet from the SE corner of the Sec. 15, T. 17 N., R. 18 W., M. P. M. and runs thence westerly and northwesterly to the Reservoir of Lake St. Mary, in Secs. 5 & 6, T. 17 N., R. 18 W., M. P. M. thence northwesterly in a channel of Dry Creek, to SE $\frac{1}{4}$ of Sec. 29, T. 18 N., R. 19 W. thence over and upon said lands

4. That the said United States appropriated said water on the 10th day of October A. D. 1921, and on that day caused a notice of appropriation to be posted in a conspicuous place at the point of diversion hereinbefore described, which said notice stated, among other things:

- A. Number of cubic feet of water per second claimed as herein set forth;
- B. The purpose for which the water was claimed and the place of intended use, as hereinbefore described;
- C. The means of diversion, as herein set forth.
- D. The date of appropriation, to-wit; the date on which the said notice was posted.
- E. The name of the appropriator as here in set forth.
5. That the name of the appropriator of the said water is the United States of America.

6. That the said United States hereby claims said ditch and the right of way

therefor and for said water by it conveyed, or to be conveyed, from said point of diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.

7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water, ditch or said appurtenances in part, or whole, at any time.

Claiming the same all and singular under any and all laws, National or State, and in accordance with the rulings and decisions thereunder in the matter of water rights.

Received United States Reclamation Service.
Oct. 22, 1921. Project Manager's Office,
St. Ignatius, Mont.

THIS AGREEMENT, Made this sixth day of October A. D. 1921, in pursuance of the Act of April 23, 1904 (33 Stat., 302) and Acts amendatory thereof or supplementary thereto, between the United States of America, by C. J. Moody, Project Manager, U. S. Reclamation Service thereunto duly authorized by and subject to the approval of the proper supervisory officer of the U. S. Reclamation Service, and Abell Topseeh and Rosala Topseeh, hereinafter styled Contractors, their heirs, executors, administrators, successors and assigns,

WITNESSETH, That whereas the United States has filed upon and appropriated all of the flow of Jacko River a stream on the Flathead Project, State of Montana, and

WHEREAS, some time must elapse before the lands hereinafter described can be furnished irrigation water from the Government works now in progress of construction, and

WHEREAS, The contractors are the owners of the following described land, to-wit: The Northeast Quarter (NE $\frac{1}{4}$) of Section Two (2), Township Sixteen (16), North of Range Nineteen (19) West, Montana Principal Meridian, and are desirous of constructing works and temporarily diverting water from said stream for the purpose of irrigating a part of said land, NOW THEREFORE,

1. In consideration of mutual benefits the United States grants to the Contractors a license revocable on thirty (30) days notice, to temporarily divert from the stream named, water to irrigate the above described land, subject to the prior rights of existing Indian canals.

2. A permanent water right will not be claimed by the Contractor's for any of their lands irrigated by reason of the temporary use herein contracted for. The Contractors recognize the paramount right of the United States to the entire flow of said stream, and it is further agreed that the contractors secure no right by virtue of this contract, and are not entitled to make claim to any water hereunder.

3. The United States is hereby granted right of way for irrigation works, including telephone and electric transmission lines over the lands of the undersigned, and the right to acquire any portion of the canals to be built by the Contractors under this contract and to enlarge or to change the same in any way and incorporate them into the General irrigation system whenever, in the opinion of the Project Manager, it is deemed advisable, in the manner hereinafter provided.

4. When the United States shall be prepared to deliver water from its irrigation works now in progress of construction, the contractors, agree to make water right application for all irrigable lands owned by them within the limits of the project under the conditions and subject to the charges announced by the Secretary of the Interior. For the canals and laterals constructed by the Contractors in conveying and distributing water to the land described, to the extent which in the opinion of the Project Manager they may be required in the development and completion of the Government irrigation system as a part of the Flathead Project, the United States will pay the contractors for such portion only as is so taken, such sum as may be fixed by the Project Manager as the reasonable value thereof, and when the Government works are completed and irrigation water is ready for delivery to the lands described, and the contractors have made water right application as agreed, credit will be given by the United States on account of the amounts payable under such water right application for the amount so fixed, for such canal and works as are taken over and used by the United States.

5. The contractors shall ultimately pay the pro rata cost of the construction of the project, as fixed by the Secretary of the Interior for all of the contractor's lands irrigable under the project, notwithstanding a portion of such lands may have been irrigated from canals to be constructed by the Contractors under this license, provided that should the land herein described be still in the ownership of the original allottee at the time of completion of irrigation works by the United States, construction charges are to be met from the building fund of the Flathead and Confederated tribes, as provided in Section 14, of the Act approved April 23, 1904, and not by individual payment.

6. This contract shall bind the grantors, heirs, executors, administrators, and assigns of the Contractors and the assigns of the United States.

7. It is further agreed that this license may be revoked, as herein provided at the close of any irrigation season, or immediately upon the breach of any of its conditions.

8. No member of or Delegate to Congress or Resident Commissioner after his election or appointment, or either before or after he has qualified and during his continuance in office, and no officer, agent or employee of the Government, shall be admitted to any share or part of this contract or agreement, or to any benefit to arise thereupon. Nothing however, herein contained shall be construed to extend to any incorporated company where such contract or agreement is made for the general benefit of such corporation or company, as provided in Section 116 of the Act of Congress approved March 4, 1909, (#35 Stat., L. 1109)

9. It is further stipulated and agreed that in the performance of this contract no persons shall be employed who are undergoing sentences at hard labor which have been imposed by courts of the several States or Territories or municipalities having criminal jurisdiction.

IN WITNESS WHEREOF, The Contractors have hereto set their hands and seals and the United States has caused this agreement to be signed by its duly authorized agent the day and year first above written.

NOTICE OF APPROPRIATION OF WATER RIGHT

UNITED STATES OF AMERICA	}	No. 243-1.
State of Montana	}	ss
County of Missoula	}	

TO ALL WHOM THESE PRESENTS MAY CONCERN: Be it known that the United States of America, pursuant to the provisions of the Act of Congress of March 3, 1909 (35 Stat., 796), and April 30, 1908 (35 Stat., 85), and under and by virtue of an Act of the Legislative Assembly of the State of Montana, entitled: "An Act authorizing the Government of the United States to appropriate the water of the streams in the State of Montana, subject to certain restrictions," approved February 27, 1905, acting by and through C. J. Moody, Project Manager, U. S. Reclamation Service, thereunto duly authorized by the Secretary of the Interior of the said United States in that behalf, does hereby publish and declare as a legal notice to all the world, as follows, to-wit:

1. That the said United States has a legal right to the use, possession and control of and claims 20 cubic feet per second of time of the waters of an unnamed stream.
2. That the purpose for which said water is claimed is for irrigating, domestic use, and power purposes, and the place of use is to irrigate and use said water upon 4,000 acres of land, described as follows, to-wit:

Sections 2, 3, 4, 9, 10, 11, T. 18 N., R. 20 W. and Sections 26, 27, 33, 34, 35 T., 19 N., R. 20 W.,

also for domestic use in connection with said land, and for developing power for pumping and other purposes at the point of diversion and along the irrigating ditches and water conduits to be constructed in connection therewith.

3. That the means of diversion, with size of flume, ditch, pipe or aqueduct by which it is intended to divert said waters is as follows: A canal 5 feet wide by 3 feet deep which carries and will conduct 30 cubic feet of water per second of time from said unnamed stream, which said canal diverts the water from said stream at a point upon its North bank, which bears N. 36° 30' West, distant 1500 feet from south quarter corner Section 11, T. 18 N., R. 20 W., and runs thence northwesterly thence over and upon said lands.

4. That the said United States appropriated said water on the 29th day of January, A. D. 1923, and on that day caused a notice of appropriation to be posted in a conspicuous place, at the point of diversion hereinbefore described, which said notice stated, among other things;

- A. Number of cubic feet of water per second claimed as herein set forth;
- B. The purpose for which the water was claimed and the place of intended use as hereinbefore described;
- C. The means of diversion, as herein set forth;
- D. The date of appropriation, to-wit; the date on which the said notice was posted.

- E. The name of the appropriator as herein set forth.

5. That the name of the appropriator of the said water is the United States of America.

6. That the said United States also hereby claims said ditch and the right of way therefor and for said water by it conveyed, or to be conveyed, from said point of

diversion and appropriation to said lands or point of final discharge, and also the right of location upon any lands of dams, flumes, and reservoirs constructed or to be constructed by the said United States in appropriating and using said water.

7. That the United States also claims the right to keep in repair and to enlarge said means of water appropriation at any time and to change the point of diversion and the right to dispose of said right, water, ditch or said appurtenance in part or whole, at any time.

Claiming the same all and singular under any and all laws, National or State, and in accordance with the rulings and decisions thereunder in the matter of water rights.

Together with all and singular, the hereditaments and appurtenances thereunto belonging and appertaining, or to accrue to the same.
